PROFILE

MATERIALS TECHNOLOGY is a limited company registered with Chamber of Commerce, AGPR and FBR. We are a Professional tax payer engineering consulting firm to provide responsive, high-quality scientific & engineering services to a broad spectrum of research organizations, educational institutes, industry and governmental agencies. Our aim is to serve these organizations in design, drafting, manufacture and supply of local as well as imported scientific and technical equipment.

Our team of professionals including designing experts, chemical, electrical, metallurgical and mechanical engineers can provide innovative solutions to complex engineering problems in the areas of materials technology including chemical processes, equipment, systems, processes and concepts.

We also specialize in recommending and supply of all kinds of electro-chemical, mechanical and control equipment at the most competitive rates. Testing and characterizing equipment supply is also one of our specialties.

Design of natural science laboratories in which we have a vast experience is yet another area we can provide most elegant and economic solutions while arranging the purchase of furniture, equipment required there in, installation, commissioning and trouble shooting in accordance with the requirements and meeting international safety standards.

And repair equipment's of Labortortary and General order supply in Pakistan

Some of our Potential Customers

- National Institute of Vacuum Science & Technology.
- School of Science & Engineering, LUMS, Lahore.
- Pakistan Atomic Energy Commission
- Institute of Space Technology
- Pakistan Ordnance Factory
- Forensic Science Labs, Islamabad
- Interdisciplinary Research Center in Biomedical Materials, CIIT, Lhr
- Quaid e Azam International Hospital, Rawalpindi.
- Oil & Gas Development Corporation, Islamabad
- National Agriculture Research Council.
- COMSATS university
- National Institute of Health
- Pakistan Council for Renewable Energy & Technology, Islamabad
- National Physical and Standard Labs, Islamabad
- CHASHMA Power Plant
- Pakistan Council of Scientific & Industrial Research
- Maroof Hospital Islamabad
- Pakistan Council of Water Research
- Comsats Institute of Information Technology
- Arid University Rawalpindi
- PAKAM Chemicals Islamabad
- Heavy Mechanical Complex, Taxila
- H.I.T. Taxila.
- Preston University, Islamabad
- NUST University Islamabad
- Bahria University
- NAFSA Islamabad
- NIH Islamabad

- NPSL Islamabad
- National Metrology Institute of Pakistan
- NUST IEESE Islamabad
- PCSIR peshawar
- Shaheed Benazir Bhutto University Sheringal,
- IUU Islamabad
- FG college G10/4 Islamabad
- PIMS hospital Islamabad
- PTV word
- Pakistan Revenue Automation pvt Limited
- NDU Islamabad

Some of our Potential Foreign Suppliers

- Akid -SCO Germany- Specialists in Bio Medical Lab Equipment
- Appalent –China- Specialists in Lab equipment
- Inorganic Ventures USA- Specialists in chemical standards
- Brother Furnaces- China- Specialists in ovens & furnaces
- Beiging Time High Technology -China Specialists in control equipment
- Sartorius -Germany -Specialists in electronic weighing and Lab Equipment
- Maya medical equipment limited
China- Specialists on Bio Medical Machines and Analysers
- Koehler Instruments- Canada
- Raylabel -China -Specialists in Scientific Equipment
- HAUTCH Germany- Specialists in testing equipment
- Heb Biotechnology Ltd China Specialists in Bio Medical Lab Equipment
- SINOWIN China- Specialists in Testing Equipment
- Labino Sweden-Specialists in Forensic Lab Equipment
- Beiging Era Centrifuge China Bio Centrifuge
- Microscope World –USA- Specialists in Microscopes
- BIOBASE- China -Specialists in Bio Industry
- Fortune Pacific Machine Tool Limited -China - Specialists in Machine tools and Machinery
- EDLAB-TECH Germany Educational and Training Equipment
- MITECH China
- WORLD SAFETY TECH- China- Specialists in Safety Equipment
- Shenzen Medical Equipment Co- China- Specialists in Hospital Equipment
- Rippa Spain- Specialists in Lab Equipment
- Xuha-China-Medical and hospital equipment equipment
- LAPP Insulators Alumina Czech Republic – Ceramic Materials

- Labmen Instruments- Hong Kong
- Chongqing TOP Oil Purifier Manufacture Co
- CNC Machine tools – China
- *M/S Kohler Instrument Company Canada*
